

C Gunter would like to disburse accumulated art work from 2008- 2016. The work is emotional, intuitive and wordy. Pieces are large, acrylic and mixed media on clean cardboard, cotton rag, wood. There are more than 100 cardboard pieces. Many are very large. Some pieces are unpainted routed pine with words and images. Some pieces are mechanical spinners or large game pieces.

The following images are a sampling of pieces, not all the pieces in the archive.
